Kennedy Proposes—

\$5.7 Billion Education Aid

Includes Teachers' Pay Hikes

Would Assist College Student

By G. K. Hadenfield
AP Education Writer

WASHINGTON (AP)—President Kennedy today proposed a \$5.7 billion aid-to-education program designed to set "a new standard of excellence in education" available "to all who are willing and able to pursue it."

In a special message to Congress, the President called for:

A three-year program of out-right grants to the states for use in building classrooms or raising teachers' salaries. It would provide an average of \$19.75 for each child in average daily attendance in public elementary and secondary schools the first year, increasing to an average of \$24.25 the third year. Total cost: \$2.5 billion.

A five-year program of college scholarships, averaging \$700 each with an additional \$350 to colleges. (Continued On Page Seven)

Arrest Ex-Chief Of Firm Linked With Embezzler

SIoux CITY, Iowa (AP)—Harold E. Kistner Jr., 35, former president of the Northern Biochemical Corp. of Sheldon, was arrested today in connection with a federal grand jury investigation of the company.

Kistner reportedly was indicted last week for violation of Securities and Exchange Commission regulations in the alleged sale of Northern Biochemical stock.

Attorney Frank Margolin of Sioux City said Mrs. Kistner called him today and said Deputy U.S. Marshal Robert Dale had arrested her husband. He was being brought to Sioux City from his Sheldon home.

Kistner, dismissed as Northern president last month, was accused in January of aiding and abetting a \$3-million embezzlement at the Sheldon National Bank.

U.S. Commissioner W. M. Foraker dismissed the charge Jan. 25 on grounds of insufficient evidence. That charge was the outgrowth of the embezzlement which closed the Sheldon bank. Mrs. Bernice Geiger, 58, former cashier at the bank, was sentenced to 15 years in prison last Friday after pleading guilty to a charge of embezzlement.

Kennedy Displays Energy, Action In Administration's First Month

By DOUGLAS B. CORNELL
WASHINGTON (AP)—President Kennedy returned today from an overnight stay at his secluded Virginia estate to begin his second month in the White House. The President made the 45-mile trip to Middleburg by helicopter Sunday, accompanied by his wife and daughter Caroline, 3. He returned the same way.

Mrs. Kennedy and Caroline didn't come back with him. They will stay at the estate, Glen Ora, for a day or so.

In his first month in office, Kennedy has swerved sharply from the domestic path of the previous administration. In the handling of foreign affairs, the break with policies of the Eisenhower administration has been less pronounced. Yet Kennedy definitely has set out on a challenging course to cut Asia, Africa and Latin America and bring them more solidly to the side of

HOW ILLINOIS WOULD FARE IN SCHOOL AID

WASHINGTON (AP)—Here's how Illinois public schools would fare under the \$5.7-billion aid-to-education proposed to Congress by President Kennedy:

Illinois would be allocated about 1,322 scholarships averaging \$700 each, totaling \$932,400, in the fiscal year ending in 1962. The number of scholarships would jump to 9,996, worth \$6,997,200, in the fiscal year 1966.

Illinois would receive \$23,310,000 for classroom construction and-or teaching salaries in the fiscal year 1962, averaging \$16 per pupil in average daily public school attendance. The figure would rise to \$24,060,000 in the fiscal year 1963, and \$24,780,000 in the fiscal year 1964.

Goldwater Says U. S. Must Show Military Might

CHICAGO (AP)—Sen. Barry M. Goldwater, R-Ariz., a spokesman for conservative Republicans, says the United States should try to win respect as a world power by asserting its military might.

The U.S. eventually will gain victory over communism but it will mean risking war, the senator told the convention of the Illinois Young Republican Federation Saturday at Mundelein College.

"But so does most everything we've ever done," he said.

Goldwater said conservatism is returning to the nation under leadership of its youth.

"We want to see the U.S. act like a world power," he said. "Forget about prestige. You can buy it like a new hairdo. What we have to have as a nation is respect."

"We don't gain respect when we have great military power and are afraid to use it. We have the ability to go to the brink of war and return. That's how to use military power."

The Young Republicans adopted a platform opposing admission of Red China to the United Nations. It also opposed diplomatic recognition of Red China and resumption of diplomatic relations with Cuba.

Planks opposing federal aid to education and U.S. participation in summit talks were adopted.

The platform also placed the group on record in favor of state right-to-work laws, placing labor unions under anti-trust legislation, and retention of a loyalty oath in the National Defense Education Act.

Brian Whalen of Loyola University was elected president of the federation. Other officers elected were Michael Meehan of Bradley University, vice president; John Weicher of the University of Chicago, Chicago area vice president; Kathy Clinton of Illinois State Normal University, and Richard Lips of Northwestern University, treasurer.

The West. It was just a month ago, in a national capital floundering under a massive snowfall, that Kennedy was inaugurated president. Today, the chief executive was closing out his first month in office in the seclusion of Glen Ora, the 400-acre estate he has rented in the heart of the Virginia fox and horse country. He planned to return to the White House before noon.

Kennedy sends to Congress today an aid to education bill. His idea is that the federal government should provide financial help both for classroom construction and salary payments to teachers. The matter is a departure from an Eisenhower policy that frowned on assistance with salaries.

But Kennedy since the start of his administration has been departing from the course his predecessor preferred. This has shown up, as campaign pledges fore-

GOP To Present Own Bill

Dirksen Lauds Its Simple Austerity

By Jack Bell

WASHINGTON (AP)—Republicans wheel into action today their "positive alternative" opposition to President Kennedy's legislative program.

Senate Minority Leader Everett M. Dirksen of Illinois announced he is ready with a Republican substitute for the aid to education program being laid before the Congress by Kennedy.

"It is a simple bill designed to promote classroom construction, or frills. I believe its simplicity and its austerity commend it," Dirksen said.

Dirksen said he is offering the measure as part of a campaign for the Republicans to come up with a "positive alternative" to all of Kennedy's proposals rather than merely opposing everything the President suggests.

This is in line with the assertion of Republican National Chairman Thurston B. Morton on a New York television program with Sen. Kenneth B. Keating, R-N.Y., Sunday that his party is going to have a "more or less middle-of-the-road" substitute for all of Kennedy's proposals.

Cameron Clerk Chosen Illinois Young Farmer

KEWANEE, Ill. (AP)—The 30-year-old town clerk of Cameron has been chosen Illinois' outstanding young farmer of the year in a state Junior Chamber of Commerce contest.

He is Theodore E. Tinkham, a Warren County grain and livestock farmer, whom the chamber named and presented with a plaque for exceptional progress in agriculture and community work Saturday.

Tinkham, nominated by the Monmouth Jaycees, competed for the title with 23 other young farmers. He and his wife were cited for taking children into their home the last four summers from their church's children's home. The couple have adopted four brothers, ranging in age from 2 1/2 to 7 years.

Second place went to Donald Condit, 35, of Lacon, who operates a livestock and grain farm in Marshall County. Third place winner is M. Duane Vickers, 24, of Winslow, a Stephenson County dairy farmer.

shadowed, in his programs to combat need, unemployment and slumping business. It turns up in his plan to provide medical care for the aged through the Social Security system.

The change is apparent in the Kennedy cancellation of an Eisenhower administration restriction on troops having their families with them overseas. It is evident, too, in the order Kennedy issued within his first 24 hours on the job for distribution of more food to the needy hungry Americans.

In the realm of military might, the new President quickly decreed a strengthening of the missile, Polaris submarine and airlift programs.

All in all, Kennedy has put on a display of energy and action in the White House that hasn't been paralleled for many a day. Along with this, he has made a definite, distinct imprint on social life in Washington and Middleburg.

KEY QUOTES ON EDUCATION

WASHINGTON (AP)—Here are key quotations from President Kennedy's message to Congress today on education:

"The human mind is our fundamental resource."

"Education must remain a matter of state and local control, and higher education a matter of individual choice."

"We cannot obtain more and better teachers—and our children should have the best—unless steps are taken to increase teachers' salaries."

"A total of 600,000 classrooms must be constructed during the next 10 years."

"In accordance with the clear prohibition of the Constitution, no elementary or secondary school funds are allocated for constructing church schools or paying church school teachers' salaries."

"We must assure ourselves that every talented young person who has the ability to pursue a program of higher education will be able to do so if he chooses, regardless of his financial means."

Believe Wreck Johnson Plane; Pilots Killed

AUSTIN, Tex. (AP)—The Texas Department of Public Safety said today it located the wreckage of a plane believed to be Vice President Lyndon B. Johnson's and that both pilots were dead.

State police said they were reasonably sure the plane was the aircraft overdue since Sunday night.

The wreckage was in a pasture near the vice president's ranch on the Pedernales River 65 miles west of Austin.

The big white Convair 240 vanished in the fog during a 65-mile flight from Austin to the Johnson ranch near Johnson City.

The vice president himself directed a night-long search from his ranch home. The craft is privately owned and was used by Johnson in last year's presidential campaign.

Chicago Air Traffic Cut In Half

NEW YORK (AP)—Airlines caught in the widest wildcat strike in aviation history began furloughing thousands of workers today.

In Chicago, both Midway and O'Hare airports reported Sunday passenger traffic was down about a half. Nearly all the jet and four-engine planes of the six carriers affected were grounded there.

The four-day-old strike of flight engineers which hit the nation Friday night has cut domestic and international services of the six airlines involved to a relative trickle.

The struck lines agreed the strike has cut normal operations of four-engine jet and propeller planes by 80 to 90 per cent.

Eastern Airlines announced Sunday night it was beginning a layoff of from 6,000 to 7,000 workers in Miami.

Pan American World Airways, Trans World Airlines, National Airlines and American Airlines said they would begin furloughing a total close to 60,000 if the strike wasn't ended today.

The layoffs would affect about 20,000 employees at Trans World, the same number at American, about 15,000 at Pan American and about 3,500 at National.

Western Airlines, the sixth major carrier hit by the walkout, adopted a wait-and-see attitude.

CREDIT OFFICIAL SAYS ONLY 5% OF PEOPLE DISHONEST

CLEVELAND (AP)—A National Credit Bureau official says 95 per cent of the people in the United States can be granted a certain amount of credit and that "only 5 per cent are maliciously dishonest."

That view was given Sunday by John L. Spafford of St. Louis, executive vice president of the Associated Credit Bureaus of America, Inc. He is here for the Fifth District consumer credit conference, which winds up Tuesday.

The conference is being attended by 350 persons in the credit field from Ohio, Kentucky, Illinois, Indiana, Michigan and Wisconsin, plus Canadian province of Ontario.

Spafford said in an interview that caution is the key to granting credit today. He noted that people who face seasonal layoffs, including auto workers, may find some difficulty in obtaining all the credit they seek.

Oppose U. S. Recognition Of Red China

WASHINGTON (AP)—A majority of the House and Senate have signed a statement opposing U. S. recognition of Red China or seating Red China in the United Nations.

This was announced today by "The Committee of One Million" (against the Admission of Communist China to the United Nations)" which circulated the statement among members of Congress.

Listed as endorses were 54 senators and 295 representatives, split almost evenly by party, 165 Democrats and 174 Republicans.

The statement signed by them said:

"We continue to oppose the seating of Communist China in the United Nations, thus upholding in faith with the thousands of American youths who gave their lives fighting Communist aggression in Korea."

"To seat a Communist China, which defies, by word and deed, the principles of the U. N. charter would be to betray the letter, violate the spirit and subvert the purpose of that charter."

"We further continue to oppose United States diplomatic recognition or any other steps which would build the power and prestige of the Chinese Communist regime to the detriment of our friends and allies in Asia and of our national security."

"Any such action would break faith with our dead and the unfortunate Americans still wrongfully imprisoned by Communist China and would dishearten our friends and allies in Asia whose continued will to resist Communist China's pressures and blandishments is so vital to our own security interests in that part of the world."

The committee of one million is headed by Warren R. Austin, former Vermont senator and ambassador to the U. N., and Joseph C. Grew, former ambassador to Japan. Its steering committee includes Sens. Paul H. Douglas, D-Ill., and Kenneth B. Keating, R-N.Y., and Reps. Walter H. Judd, R-Minn., and Francis E. Walter, D-Pa.

Among endorses of the statement was a majority of the members of the Senate Committee on Foreign Relations and the House Committee on Foreign Affairs.

They included these Midwestern officers: Sens. Homer E. Capehart, R-Ind., Bourke B. Hickenlooper, D-Iowa, Stuart Symington, D-Mo., and Alexander Wiley, R-Wis.; and Reps. Robert B. Chisfield, R-Ill., Marguerite S. Church, R-Ill., William T. Murphy, D-Ill., E. Ross Adair, and Clement J. Zablocki, D-Wis.

New Congo Killings Touch Off Protests

By MAX HARRELSON

UNITED NATIONS, N.Y. (AP)—Secretary-General Dag Hammarskjöld told the U.N. Security Council today that six associates of the slain Congo leader Patrice Lumumba had been killed in secessionist Kasai Province.

The secretary-general's announcement touched off a round of vigorous protests in the 11-nation council.

Boy Alive Because He Minded Dad

PHOENIX, Ariz. (AP)—Harry Stage, 7, who plunged 275 feet down a narrow pipe into a deep water well, is alive today because he knows how to mind his dad.

The brown-eyed youngster with tousled blond hair is recovering in Memorial Hospital from two broken legs, a fractured pelvis and possible internal injuries.

Harry was playing on a ranch 2 1/2 miles southwest of Phoenix Sunday while his dad, Ed, a drifter, was talking to ranch owner Webb Faubion.

Climbing up on a platform, Harry jumped on a piece of plywood which concealed the pipe to an underground irrigation well.

Faubion said, "The boy just vanished."

Harry plunged down the 16-inch pipe with 250 feet of water at the bottom. But there was one thing in his favor.

"That board helped compress air in the pipe," said Stage, "and this undoubtedly slowed his fall. But he couldn't tread water because of his broken legs and pelvis."

From the bottom of the pipe came Harry's voice, "Daddy, get me out of here."

"Don't worry, son, and don't be scared," replied his father. "We'll get you out. Just push against the sides of the pipe so you don't sink."

The dozen or so men now gathered at the scene heard Harry reply, "Okay, daddy, I will."

A lengthy cable was no help. It curled up about halfway down the pipe.

Then Stage decided he would try to slip down the pipe. No good. It was too tight.

Recalling a block and tackle at a neighbor's ranch, Faubion drove seven miles at high speed to get it. But his rope was gone.

Faubion stripped the ranch of lariats and hastened back. Tied together, the lariats came to more than 300 feet. The line was dropped into the pipe.

Eagerly, the boy called, "Daddy I can hold on to it while you pull me up."

"No," he shouted, "you put the loop under both your shoulders."

Struggling in the pipe, Harry got the loop under his arms.

Spelling each other, the men pulled on the rope, hauling the boy up slowly. They stopped at intervals to be sure the loop was holding.

Finally, Harry was out, put aboard a waiting ambulance and taken to the hospital.

Faubion said, "He's the bravest and luckiest boy in Arizona."

Said his dad proudly, "He always did mind good."

Record Crowd Attends Chicago 53rd Auto Show

CHICAGO (AP)—A record crowd of 131,170 attended Chicago's 53rd annual Auto Show Sunday at McCormick Place, the city's huge new \$35-million lakefront exposition center.

The attendance broke the previous record of 79,666 persons for a single day's attendance set on the opening Sunday of the 1959 show. Attendance last Saturday was 78,253, a record for opening day.

Including Friday's preview, the attendance for the first three days of 235,423 persons was 54 per cent more than last year's turnout for the corresponding period.

The show, staged by the Chicago Automobile Trade Association in cooperation with the auto manufacturers, will continue through Sunday. Officials are predicting some 750,000 visitors, a 50 per cent increase over the record of 518,521 who attended the 1958 show in the International Amphitheatre. Admission is \$1 for adults, 50 cents for children.

McCormick Place, located at 23rd Street and the lakefront, is larger than six football fields and is more centrally located than the Amphitheatre, which is located in the Stockyards at 42nd and Halsted Streets.

Asks Neutralist Neighbors Show Laos Peaceful

VIENTIANE, Laos (AP)—King Savang Vatthana has proclaimed a policy of nonalignment for Premier Boun Oum's Western-backed government and asked three neutralist neighbor nations to send a commission to confirm that Laos wants to live in peace.

The 54-year-old monarch read a declaration Sunday that could open the way for a new international approach toward ending the six-year-old internal struggle in which the United States backs Boun and the Communists support a rebel faction based on the pro-Communist Pathet Lao guerrillas.

The king said Laos would honor international agreements into which it has "freely entered," presumably including continued acceptance of the U.S. millions that finance the Laotian army.

"We hope that Cambodia, Burma and Malaya will form a commission which would come to Laos to establish that the country threatens no one and aspires only to peace," the king said, addressing Boun Oum, his cabinet ministers and foreign diplomats gathered at his palace.

The U.S. State Department welcomed the monarch's declaration, hailing it as "constructive and promising" and said it would respect his wishes.

Five-day talks will average about 4 degrees above normal. Normal high 32-39. Normal low 17-22. Only minor temperature changes through Saturday. Precipitation will total about 4 inch as snow or rain Thursday or Friday and in south and east portions late tonight or Tuesday.

Farm States' Solons Differ On Grain Plan

By RICHARD P. POWERS
WASHINGTON (AP)—Members of Congress from Midwest farm states differed today on the question of whether President Kennedy's proposed emergency feed grain program for 1961 would do the job.

Sen. Quentin Burdick, D-N.D., said he believes the program would become eligible for price supports. In return for retiring this land, they would receive 60 per cent of the support price for the amount they normally would have produced on this retired land.

Rep. Ancher Nelson, R-Minn., said he would prefer to see a program under which a percentage of feed grain lands would be retired from production and the farmers would receive payments in-kind from present government stocks to compensate them.

"We have got to cut back production," Nelson said. "I favor doing what we can to help the farmer. But I would prefer the payment-in-kind approach."

Rep. Odin Langen, R-Minn., said he strongly questions some details of the Kennedy proposal but agrees with its overall principles—voluntary participation, reduced production in return for a higher price and acreage reserve for corn from the \$1.05 a bushel payments for the idled land.

IYC Chief Asks Probe At Sheridan

Farber Fired; Six Suspended

By Jan Hartnett

CHICAGO (AP)—The Chicago Youth Commission today fired Clarence J. Farber, superintendent of the Sheridan State Training School, and asked the legislature to investigate charges of brutality at the institution.

Oliver J. Keller Jr., of Springfield, commission chairman, announced that Farber will be succeeded temporarily by A. M. Monahan, superintendent of the State Training School for Boys at St. Charles.

Keller said he will appear before the General Assembly subcommittee in Springfield Wednesday to present data about an investigation into conditions at Sheridan. The committee is headed by Sen. Dwight P. Fredrick, R-Centralia.

In addition to firing Farber, Keller suspended the following from their posts at Sheridan: Capt. Melvin Bryant, Capt. Walter Bayer, and Sergeants John Farrar, Nick Melles, Gene Miller and school principal Ray Farber.

About 300 delinquent boys are confined at Sheridan, a maximum security institution.

Keller said the investigation of brutality charges at Sheridan was touched off by Madison County Judge Michael Kinney. Kinney informed the commission that the parents of a Collinsville youth had complained their son was mistreated.

Many Canadians See Better Relations Under Democrats

EDITOR'S NOTE — You can't prove such things, but in recent years Canadians have seemed more entranced with the Democratic party than with the Republicans in the United States. This helps give the Kennedy administration a psychological push north of the border, an AP reporter found in a survey of U.S.-Canadian relations. This is the last of a series.

By MAX HARRELSON
OTTAWA (AP)—Many Canadians are looking to the new administration in Washington to remove some of the irritants aggravating U.S.-Canadian relations. President Kennedy has made a good impression here. There is hope that next Monday's talks between Kennedy and Prime Minister John Diefenbaker will be fruitful.

One of the first to back such talks was Lester B. Pearson, Liberal party leader who has been a leading critic of the recent trend of Canadian-American relations. Pearson, urging Diefenbaker to invite Kennedy to make Canada the first country he visits, said: "There is a new, energetic, courageous, young administration in Washington. A strong and creative basis for positive cooperation should be established with it."

Canadians acknowledge that much of the discontent in their country is due simply to the strong economic and cultural pressure coming from the U.S. side of the 3,000-mile border. It is a case of a country of 18 million people being in the shadow of a giant neighbor of 180 million.

It may be wishful thinking, but a considerable segment of Canadians feels that more understanding of this country by people south of the border would lead to better feeling all around. This is on the edge of things Canadian leaders want to discuss with the new U.S. administration along with such solid problems as defense, foreign policy and economic relations.

Pearson has offered two suggestions on how to make the United States and Canada better

Liver Combination

Most every homemaker is cognizant of the sales and bargains offered to her each week at her local market. And, it is the thinking homemaker who takes advantage of these budget stretch-

ers. One meat item always ready to offer you the most for your money is liver. Liver can not only be prepared in a variety of ways to afford you and your family good eating... it also stands ready to provide an abundance of food nutrients. What are these food constituents? They include iron, vitamin A, thiamine, niacin, riboflavin, phosphorus and Vitamin C. Again, many a kitchen master may say that her family doesn't like variety meats. Prepared in the manner pictured here, the family very likely will change their minds.

This dish is called Braised Liver and Onions and to interest the chef... it's also easily prepared. This recipe calls for 1 pound of sliced beef liver. Pork or calves' liver may be used but usually you'll find that calves' liver, which is so very tender, is either broiled or pan-broiled. First, trim the membrane from the liver slices and dredge the meat in 1 cup enriched flour seasoned with 1 teaspoon salt and 1 teaspoon pepper. Next, brown the liver slowly in 3 tablespoons of lard or drippings and then pour off the drippings. In this recipe, prepared onion soup acts as the braising medium. Add one 10-ounce can of condensed onion soup and 1 medium onion which has been sliced. Cover the cooking pan and simmer until tender... about 30 to 40 minutes. Depending on the appetites in your

home, this recipe will provide between 4 and 5 servings. Liver, of course, can serve you in many ways. French-fried, it makes a wonderful party snack or Sunday evening supper entrée. Ground, liver can be made into a loaf. If preparing a loaf, remember this helpful hint. Before grinding the liver, brown it lightly on both sides in lard or drippings. This will make grinding easier.

Of all the nutrients provided by liver, blood-building iron is probably one of the most important. Iron is especially important to the adolescent and the senior citizen. Iron is one of the best combatants of anemia. Liver, being an excellent source of iron, provides good insurance against tired, dragged-out feeling.

Liver is also an outstanding source of the B vitamins as well as high quality protein. Include liver at least 2 or 3 times in your monthly menu plans.

DO YOU TAKE VITAMINS AND STILL FEEL TIRED?

If you take vitamins, get enough rest, yet still feel tired—you may need more than ordinary vitamins to restore your normal strength and energy. Your worn-out feeling may be due to iron-poor, Tired Blood. Vitamins alone can't build up iron-poor blood. But GERITOL can! Because GERITOL contains 7 important vitamins and, in addition, supplies the therapeutic amount of iron needed to build iron-rich red blood. Just 2 GERITOL tablets, or 2 tablespoons of GERITOL liquid, contain twice the iron in a pound of calves' liver! It is this rich source of iron, combined with high-potency vitamins, including essential B vitamins in 3 to 5 times the minimum daily requirements, that make GERITOL such an effective strength-building tonic. In only one day, GERITOL-iron is working in your bloodstream, carrying strength and energy to every part of your body!

PROVED BY MEDICAL TESTS!
Patients diagnosed with iron-deficiency anemia frequently were pale, nervous, irritable and easily tired. After patients took GERITOL daily, doctors reported definite clinical improvement—further confirmed by laboratory tests. Remember, ordinary maintenance vitamins can't do it! But the high-potency combination of vitamins plus iron in GERITOL can help you regain your strength and energy.

So when you feel tired, check with your doctor and if this is your problem, take fast-acting GERITOL, every day. You must feel a noticeable difference in the first seven days... or your money back from the maker.

AN OPEN LETTER FROM CRIT HANELINE, REPUBLICAN CANDIDATE FOR MAYOR IN THE PRIMARY ELECTION TUES., FEB. 28, 1961

Dear Voter:

I have lived in Jacksonville since 1912. The Haneline family has been in this county since 1878. My two daughters were born here and educated in our public school system. My wife and I were married here, she died here and is at rest in Diamond Grove Cemetery. My personal life and my interests are wrapped up in this town and it is truly my home. I have operated my own business here as sole owner since 1933.

I served as an alderman from the fourth ward for four years, from May 1949 to May 1953. During this period I was finance chairman and in this capacity I had a part in every operation of the city administration. During this period the city council was unusually busy due to the building boom, the formation of the new zoning ordinance and the building of Mrs. Tucker's plant. The building of this plant took many hours of the council's efforts for more than two years to work out power, water and sewer services, etc. This was well worth while for it is a fine addition to the industry of our city. I had to become a student of municipal government to be able to function properly in my position. For this reason I feel justified in saying that I am qualified to fill the position of mayor.

I know how the city should be operated. How to furnish adequate services and still keep within a reasonable budget. I am aware of the problems our industry has presented to the city and I am aware of the methods necessary for their solution.

As an individual business owner I will not be called on to take a part in negotiations with the city as an employee of industry for power, water and sewer rates which actually constitutes a conflict of interests.

If you feel that my past experience and present ability qualify me for the office of mayor, then mark my name on the Republican ballot on Tuesday, February 28 next.

Sincerely,
Crit Haneline

North's two-club bid was the Stayman convention and South's two-diamond rebid merely denied a four-card major suit. After North went to two no-trump South decided to go on to game on account of his two ten spots and fifth club.

He received the favorable lead of the four of clubs and after East won the trick with the ace, South decided a false card was necessary in order to prevent the

shift to hearts.

Unfortunately for South he chose the wrong false-card. He dropped the queen under East's ace.

Now East did a little counting. He knew that West always led fourth best from four or more so that West could not have started with more than six clubs. That left South with a minimum of three so that the queen had to be a false-card of some sort or other. If it indicates king-queen-small a club

continuation looked hopeless; if it didn't indicate king-queen-small it appeared that South was trying to encourage a club continuation.

So East led a heart and South's goose was cooked.

The correct false-card was the nine spot. East might still have shifted to a heart, but at least the nine spot play would have made it most difficult for him.

TRY A WANT AD

Business Mirror

By SAM DAWSON
AP Business News Analyst
NEW YORK (AP)—The money broker is a busy fellow in today's livelier securities market.

He is the middle man for foreign and domestic banks with idle funds and the investor who wants a good thing in a bond or stock but hasn't the cash handy to swing the deal.

There are only a few such brokers in the field and demand for their services fluctuates widely. During the big 1958 flurry in U.S. government bonds, single loans ran as high as \$50 million. (The bonds dropped so far below redemption price as to tempt many with little cash.)

D. H. Blair & Co. estimates that on an average day around \$4.5 million in new loans are floated and perhaps \$600 million are outstanding. It has handled as much as \$30 million in a day and usually has about \$200 million outstanding.

Garvin-Bantel & Co. says it has had as much as \$140 million from one bank alone to place.

Here is how the money broker works:

He keeps in contact with many banks. D. H. Blair, for example, has some 250 correspondent banks in the United States, Canada and overseas. One of these banks will tell the money broker the amount it can lend, for how long, and on what securities.

The money broker then informs partners of other brokerage houses with whom he is in close contact with funds are available on specified bonds, convertible debentures or common stock. He specifies what interest is asked on the loan and how long it can run.

If the brokerage house has a customer looking for a loan to carry such a security, the money broker extends the necessary papers, including the pledging of collateral (the securities themselves).

Most banks prefer to keep such loans to 90 days. But most borrowers renew for another period, at interest rates then prevailing, and most hold their investments for at least six months to establish long-term gains for tax purposes.

Interest rates, including the money broker's service charges, currently run from 4 1/2 to 5 1/2 per cent. They are usually higher than returns on prime commercial paper and well ahead of yields on the treasury's three-month bills.

The money broker also acts for the bank in contacting the borrower should the market price of the security drop and threaten the cash margin required. The solution: Sell, or put up more security or cash.

The brokers adhere to Federal Reserve margin rules, currently requiring 70 per cent cash on common stocks.

Only a small part of the money broker's business as such is in common stocks. D. H. Blair puts this currently at 5 per cent of its total mortgage brokerage transactions.

Usually the top volume is in U. S. government securities, on which many banks will lend up to 95 per cent. Loans on top convertible debentures (like corporate bonds except that they can be exchanged for common stock) can run as high as 85 per cent.

Of late, Garvin-Bantel says, loans for purchase of convertible bonds have topped U.S. securities.

Why do individuals wanting to borrow money to hold securities for an expected price rise go to the New York brokerage houses perhaps served at least in part by funds lent by their own home town banks? Charles Miller, a general partner of D. H. Blair, surmises: "They may need their local credit lines for other business

reasons. The amount they seek may be too big for local borrowing. Or they may just want their investments known to others in their communities."

But if you're asking 10 shares of a \$10 stock or a couple of U.S. treasury bonds now selling below redemption value, don't go running to the money broker.

The smallest transaction D. H. Blair will handle is \$25,000.

After a moment, she removed her left arm from the table, reached back for the cane and extended it toward the arm of the wheel chair. She was able to reach the chair easily. Hooking the handle of the cane in place, she pulled. The chair remained stubbornly immobile exactly where it was, and with a sinking sense of disappointment, she realized the brake was set.

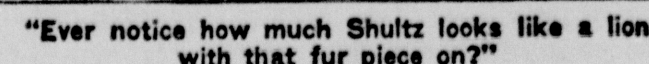

Drawing the cane back to the table, reversing it, she aimed it at the foot lever that operated the brake and prodded.

It took several tries before the brake finally gave.

With a gasped she tossed the chair into position, she paused listening. Jane seemed to still be moving about down in the kitchen.

Hawks Can Back Into Division Crown Tonight

By The Associated Press

The St. Louis Hawks can back into the Western Division championship of the National Basketball Association tonight.

The Los Angeles Lakers, only team with a chance of tying the Hawks, meets the Syracuse Nationals in Morgantown, W. Va. A Nat victory and the Hawks are in.

The Hawks could have gotten home clear Sunday, but they dropped a 123-100 decision to the New York Knickerbockers, who hold down last place in the Eastern Division. St. Louis doesn't play again until Tuesday night, when they entertain Cincinnati.

In other action Sunday, the Boston Celtics downed the Syracuse Nationals 116-106, and the Cincinnati Royals turned back the Los Angeles Lakers 112-106.

The Boston-Syracuse game, nationally televised, was halted twice in the second half by rubeaturs. Boston Coach Red Auerbach protested loud and at a call by referee Pete D'Ambrasia at one point. A few minutes later, the crowd showered the court with debris by way of protesting a call in favor of the Celtics. Syracuse Coach Alex Hannum was thrown out at the end of the melee.

Johnny Sellers, 23, led Chicago riders in 1960 with 30 winners at 283, carding a 68-best round of the day—for his final round. Ivan Gantz of Indianapolis was next at 284.

A total of 15 players were par or better for the 72 holes.

Hill's Long Putt Wins Top Money In Tucson Open

By MURRAY SINCLAIR

TUCSON, Ariz. (AP) — A 27-foot desperation putt good for a birdie on the third hole Sunday gave Dave Hill of Jackson, Mich., victory in the sudden death playoff for top money in the \$20,000 Tucson Open Golf tournament.

Former U.S. Open champ Tommy Bolt and California rookie Buddy Sullivan quietly headed for the clubhouse as the 23-year-old Hill leaped for joy. It was his first PGA victory.

The putt that wasn't meant to fall earned \$2,800 for Hill and trimmed Bolt and Sullivan's shares to \$1,070 each.

"I just hit it," said the elated youngster. "I had no idea it would go in. All I was trying to do was get close to pin for a par."

Hill also had something to jump about a few minutes earlier when his 16-foot putt dropped for an eagle 3 on the par-5, 510-yard 18th hole. This gave him a 5-under-par 65 for the round and a 72-hole total of 269.

Sullivan stood up under pressure by coming out of trees for a birdie on the 18th. Bolt also had 269.

Bolt missed a 10-foot putt for a birdie on the first extra hole by less than an inch. All three took par fours for the 368-yard hole.

Bolt went for victory on the second hole with a 20-foot chip shot from the apron that rimmed the cup and hung on the lip. He had to settle for a par 4 on the 450-yard No. 2 hole. So did Hill and Sullivan. The end came on the next green.

Charles Clifford, perennial National Negro champ, started the final round only a stroke behind Sullivan. He watched seven putts stop within two inches of the cup to give him a 71 and a tie with Art Wall Jr. at 9-under-par 271. Each got \$1,150.

Jay Hebert, co-leader at the halfway mark, was in a group of five with 272. The others were Dave Marr, Mason Rudolph, Marty Furgol, Jack Cupit and Gary Player. This brought them \$835 apiece.

Monti Awarded Four-Man Bobsled Honors Sunday

LAKE PLACID, N. Y. (AP)—Eugenio Monti, the world's champion bobsledder, feels there are few fields left to conquer and today indicated he'll let someone else have a fling at all the glory.

The sandy-haired Italian, winner of the two-man world title a week ago, was awarded the four-man championship Sunday after rain washed away the final two heats. It was his second consecutive double crown and this time he made it by the slimmest of margins—three-tenths of a second.

That was the lead he held over Stan Benham of Lake Placid after Saturday's first two heats. Gunnar Ahs of Sweden was third, Franz Schelle of Germany fourth and Great Britain's Bill McCowen fifth. The other U.S. entry, Larry McKillop of Saranac Lake, N. Y., finished sixth.

"I'm getting tired," Monti said, "and I don't really know if I want to go on racing. Maybe I won't run next year."

Runyan New PGA Senior champ

DUNEDIN, Fla. (AP)—Paul Runyan, 18, is the new Professional Golfers Association seniors champion today.

Runyan carded a 3-under-par 69 in his final round of the tournament over the 6,614-yard national PGA course Sunday for a 72-hole total of 278, ten strokes under par and six strokes better than the previous tournament record.

In second place, three strokes behind, was Jimmy Demarest of Houston, Tex. Clarence Doser of Gaithersburg, Md., who led by two strokes at the start of the final day, finished third with 282.

Runyan, playing in his third previous years, finished second the two previous years.

Joe Brown of Des Moines, Iowa, finished a surprising fourth at 283, carding a 68—best round of the day—for his final round. Ivan Gantz of Indianapolis was next at 284.

A total of 15 players were par or better for the 72 holes.

SIGN WITH LIONS
CARBONDALE, Ill. (AP) — Houston Antwine, 245-pound guard for Southern Illinois University, has signed to play for the Detroit Lions of the National Football League.

Reported salary was \$9,000. Antwine, of Memphis, Tenn., was named to the Associated Press second Little All-American team in 1960, and three times has been on the offensive and defensive all-star teams of the Interstate Intercollegiate Athletic Conference.

He was named SIU's most valuable player last fall.

SEEMS UNSTOPPABLE
LOUISVILLE, Ky. (AP) — The \$64,000 question of the track world is: "What will it take to stop Wilma Rudolph?"

The seemingly unbeatable Tennessee A&I coed continued her onslaught against the record book before 9:25 here Saturday night in the first running of the Mason-Dixon games when she set a record in the women's 70-yard dash.

Miss Rudolph romped home in 7.8 or two-fifths second under the old 8.2 record set in 1935 by Stella Walsh of Poland.

YMCA Tourney Title Goes To Beardstown

Beardstown scored a one-sided victory over Coca Cola in the finals of the 2nd annual YMCA Basketball Tournament in a late contest Saturday night, 102-77. Coca Cola had beaten Beardstown earlier in the week, 53-51, in a playoff for the championship of the league but the outcome was nullified and each team shared the championship with 12-3 records.

The champs held a slim three point advantage after 10 minutes of play but gradually increased the margin to ten at halftime, 48-38. They assured themselves of victory number 14th in 17 starts with a 23-point third canto while the losers collected only 12 points and this proved enough to put the game on ice. Bell and Jamison led the winning attack with 24 and 21 points respectively. Bill Gross topped in 19 for the Coca Cola entry.

Kordite won consolation honors, beating the Merchants 70-61, with five players in the twin-marks. Wendell's 16 tallies paced a well balanced attack.

Race For CCI Title Will Be Decided Saturday

By THE ASSOCIATED PRESS

The race for the College Conference of Illinois basketball championship, involving Carroll, Illinois Wesleyan and Lake Forest — will not be decided until Saturday — the final day of the season.

Carroll regained the league lead Saturday night with a 69-65 victory over North Central while Lake Forest dumped Wesleyan out of first place with a 77-61 triumph.

Carroll now is 6-2 with games to play at Millikin Friday and at Wesleyan Saturday. Lake Forest, having defeated Millikin, 88-73, Friday, moved into a second place tie with Wesleyan. Both teams have 6-3 records and one conference game to play.

Lake Forest ends its campaign at North Central Tuesday and must win to retain its hopes for a share of the championship.

Carroll can assure itself of a tie if the Pioneers win at Millikin. They can take it all by beating both Millikin and Wesleyan. Wesleyan's only hope for an undisputed championship is to have Carroll lose at Millikin and then defeat the Pioneers, while Lake Forest loses at North Central.

North Central (3-5), Millikin (2-6) and Augustana (2-6) will be battling to stay out of the cellar in the six team conference. Each has two league games in this final week of CCI competition.

FOUR NEW PROETTES

AUGUSTA, Ga. (AP) — Four new golfers have been added to the Ladies' Professional Golf Assn. tour. They are Carol Mann, 19, of Flossmoor, Ill.; Judy Kimball, 22, former Iowa State champion; Barbara Greene, 24, of Eastman, Ga.; and Janice Phelps, 25, of Atlanta.

T. V. Lark and Resolved won three stakes races each during Chicago race meetings in 1960.

Track And Field Magic Figures Climbing Up, Up

By ED CORRIGAN

Associated Press Sports Writer
NEW YORK (AP) — Up, up, up climb the "magic figures" in track and field.

You don't need a long memory to recall when the four-minute mile was just a remote possibility and the 16-foot pole vault was spoken of in whispers.

Now, with the indoor season less than half over, a whole fistful of records are in jeopardy.

Start with the mile.

It never has been run in four minutes indoors because of the numerous turns on banked tracks. Ron Delany's 4:01.4 is the record. But Istvan Rozsavolgyi, the skinny Hungarian army captain, has his sights set on the first indoor four-minute job.

He is confident he can do it. His best to date in five races this season is 4:04, but he hit 4:01.8 in chasing Delany to the Irishman's record two years ago.

The pole vault?

Don Bragg's 16-9½ still stands as the indoor record. Bragg always has had his heart set on becoming the first man to get over 16 feet.

Discouraged because of assorted ills early this season, he wanted to quit. Then, two weeks ago in Philadelphia, he barely missed at 16 feet. Last week in the New York Athletic Club games, he again just did it the crossbar after getting his body safely over. Now he is sure that he'll get over 16 feet before the end of the season.

How high can they go in the high jump?

Probably only Valery Brumel, the 18-year-old Soviet whiz kid, can answer that. He made 7-3 in his debut on boards here last week, but jumped 7-4½ in Leningrad less than a month ago.

Brumel came within a hair of clearing 7-5 last week. He is a confident fellow, and thinks around 7-6½ is about as high as any human can climb.

Then there is the 60-yard high hurdles.

Hayes Jones is co-holder of the record of 7 seconds with Milt Campbell. The latter has retired, so the Ypsilanti, Mich., school teacher has the field to himself.

"I'd like to get just a little better start on this hurdle," said Jones recently. "I just might be able to shave a tenth of a second off the time."

The broad jump?

Just three nights ago, Ralph Boston of Tennessee A&I became the first jumper in history to soar over 26 feet indoors. He made 26½, and the end is not in sight.

Southern Ends Conference Slate Undeclared, 12-0

By THE ASSOCIATED PRESS

Powerful Southern Illinois, having clinched the IAC basketball championship more than a week ago, ended its conference season with a perfect 12-0 record.

The Salukis defeated Illinois State Normal and Western Illinois on the road to accomplish the feat, but had an 11-game winning streak cracked by arch-rival Tennessee State.

Southern dropped an 89-79 decision at Tennessee State Monday night. Southern's previous loss also was to Tennessee State, 95-93, in the championship game of the Quincy Holiday Tournament.

Tennessee State, however, was defeated by the Salukis, 91-89, three weeks ago.

While Southern Illinois was making its championship perfect by defeating Illinois State, 92-87, and Western Illinois, 77-69, Illinois State retained second place and Western took over third.

Illinois State (7-4) concludes its season at Eastern Illinois (6-5) Saturday. Western Illinois — in addition to losing to Southern — defeated Eastern Illinois, 100-79, and has a completed 7-5 conference mark.

If Illinois State defeats Eastern Illinois Saturday, the teams will finish as they stand now. However, should Eastern Illinois win the game — all three will end in a tie for second place. Northern Illinois (5-5) also has a chance to finish in a second place tie by defeating Central Michigan (2-9) and Eastern Michigan (0-11).

Singed Buckeyes In 2nd Showdown In Undeclared Campaign

By DON WEISS

Associated Press Sports Writer
Like the frying pan and the fire, it's out of Iowa City barely and into Bloomington tonight for Ohio State's singed Buckeyes in the second of two showdown steps toward major college basketball's first all-winning regular season record in four years.

The top-ranked Buckeyes, breathing hard after whipping up a 10-point late-game burst that beat Iowa 62-61 Saturday night, go against the revenge-minded Indiana Hoosiers—a tough test to beat bunch at home even when they don't have a grudge to settle.

After Indiana tonight, Ohio State has three games left — at home against Wisconsin and Michigan State, and on the road at Illinois.

The three have a combined Big Ten record of 6-20.

Second-ranked St. Bonaventure, shadowing the Buckeyes with a 20-1 record and 11-game streak, also has a pair of games during the week.

Braden Denies Being Fired For Aiding Commies

WASHINGTON (AP) — Spruille Braden has challenged testimony by a former U.S. diplomat that Braden was fired as ambassador to Argentina by former President Harry S. Truman after being accused of helping Latin-American Communists.

Braden, from his home in New York, offered to appear before the Senate Internal Security subcommittee, where William D. Pawley testified in closed sessions last September, to deny the charges under oath.

"I would be glad to have the results of the combined testimony of Pawley and myself forwarded to the Department of Justice if, in the judgement of the Senate, such disposition is warranted," Braden said. Pawley's testimony was released Sunday.

In Bermuda, where he is on vacation, Truman's only comment was "Spruille Braden did a good job."

Braden said instead of being fired, he has been praised by Truman and awarded the Medal of Freedom, the highest U.S. civilian decoration.

Pawley, Miami businessman and former ambassador to Peru and Brazil, said he received an intelligence memorandum prepared by an Army undercover agent, took it to the Army, Gen. Tom Clark and was summoned next day to the White House to show it to Truman.

At that time in 1947, Pawley was assistant secretary of state for American republic affairs. In his testimony, Pawley pictured Braden not as a Communist but as a very ambitious man who "became involved in a program which appeared to be helpful to the Communist party in Latin America."

He said that later Braden blocked his appointment to replace Braden as Argentine ambassador and he was sent instead to Brazil.

"Pawley makes only one true statement," replied Braden. "That I blocked his appointment as ambassador to Argentina."

Braden said he had sounded a "long series" of alarms "as to the very dangerous infiltration of communism throughout the American republics," starting as early as 1945.

TO FLY BODIES TO U. S.

BRUSSELS (AP) — The bodies of 25 victims of last week's crash of a Sabena Belgian Airlines jetliner were flown to the United States for further attempts at identification. Police said identification methods such as radiography might be used.

New York Stock Market

NEW YORK (AP) — A selective advance pushed the stock market higher in active trading early this afternoon.

The Associated Press average of 60 stocks at noon was up .40 at 238.60 with industrials up 1.30, rails .10 and utilities down .20.

Gains of fractions to a point or more outnumbered losers among pivotal issues.

Plus signs were shown by Big Three motors and the smaller auto manufacturers. Chemicals were well on the upside.

Airlines were depressed by news of the strike of flight engineers which crippled the major air carriers.

Rails and utilities backed a little. Drugs, building materials and aircrafts were on the upside.

Inflationary expectations based on Washington's anti-recession fight seemed to outweigh the downward trend of most economic indicators. News on the building industry and steel was a bit brighter.

Chrysler rose about a point. DuPont about 2, and Eastman Kodak more than a point. Losses of about a point were taken by Eastern American and Pan American. Reynolds Tobacco jumped about 3. Johns-Manville and U. S. Gypsum advanced a point. A number of issues responded to favorable patterns in their stock prices, and Underwood more than 2.

The Dow Jones industrial average at noon was up 1.34 at 653.01. Corporate and U.S. government bonds were mixed.

GRAINS GENERALLY WEAK IN CHICAGO

CHICAGO (AP) — Fairly steady selling held grain futures prices in a generally weak range today in slow dealings on the Board of Trade.

The market started off sharply lower and recovered some of the losses on scattered buying and for export accounts.

Dealers said the weakness stemmed mainly from liquidation by speculative interests who apparently were shortening long positions pending developments in Washington on the new farm program.

Shortly before noon, soybeans were 1-11 cents a bushel lower, March \$2.73; wheat 1/4 higher to 1/2 lower, March \$2.10; corn 1/4 lower, March \$1.13; oats 1/4 lower, March 63; rye 1-11 lower, March \$1.18.

Soybeans were 1/2 to 3/4 cents a bushel lower at the close, March \$2.73-74; wheat unchanged to 1/4 higher, March \$2.11; corn 1/4 to 1/2 lower, March \$1.13-14; oats 1/4 to 1 cent lower, March 63; rye 1/4 to 1 1/2 lower, March \$1.17.

The resolution was said to point out that if the nation's regular unemployment compensation system was adequate there would be no need to take special bolstering steps as was needed in the 1958 recession and again now.

The appraisal of the union chiefs, with one month gone by since Kennedy's inauguration, is that his recommendations so far are a step in the right direction but do not meet union goals.

There has been some business criticism that Kennedy is going too far.

Arthur J. Goldberg, secretary of labor in the Kennedy Cabinet, is due here Tuesday to confer with the AFL-CIO Council. He is expected to advise his former union colleagues to keep their shirts on until Kennedy has had a chance to develop his political position in Washington.

Goldberg formerly was a special counsel for the AFL-CIO and attorney for many of the federation's unions, including the Steelworkers.

MOON-STYLE HOT ROD—Once seen only on the covers of science-fiction magazines, drawings like this are being seriously studied by scientists today. Droopy-eyed vehicle is a design proposed by American Machine and Foundry Co. for getting around on the moon. Tank treads on extended legs would propel the machine over rough ground, while paddle-wheel-like ring around the spherical cabin would assist in areas of fine dust.

Expect Labor Chiefs To Demand Emergency Label On Jobless Aid

By NORMAN WALKER Associated Press Labor Writer

MIAMI BEACH, Fla. (AP)—Organized labor's high command is expected to demand today that Congress pass an emergency label on President Kennedy's proposals to give extra relief to the unemployed.

Regular winter sessions of the AFL-CIO executive council opened here amid concern over the lagging economy and an idle worker total counted at nearly 5 1/2 million.

The union chiefs said that unless fast aid is forthcoming the recession could turn into a deep depression. The Steelworkers Union said in a weekend statement that conditions there would be no need to take special bolstering steps as was needed in the 1958 recession and again now.

The appraisal of the union chiefs, with one month gone by since Kennedy's inauguration, is that his recommendations so far are a step in the right direction but do not meet union goals.

There has been some business criticism that Kennedy is going too far.

Panel Discussion—

Brotherhood Day On Wednesday, Feb. 22

Rev. Frederick Tyrrell

Rev. Frederick Tyrrell, president of the Jacksonville Council of Churches, will be one of the speakers Wednesday noon, February 22, at the Illinois Theatre beginning at 12:10 p.m. The meeting will be in the form of a panel presentation on the theme of Brotherhood.

On the panel in addition to Rev. Tyrrell, will be Saul Sorin, Jewish layman of Springfield and Monsignor Michael Driscoll, pastor of the Church of Our Saviour.

Lee Sullivan, Jr. will serve as moderator for the panel and the closing benediction will be given by H. B. Norton of the Bethel A.M.E. church.

The observance of Brotherhood Day is for people of all races and creeds and the public is cordially invited to attend.

There is no admission charge.

Mrs. Bigler Will Speak At Lenten Meditation

Mrs. Clarence Bigler, wife of the pastor of Brooklyn Methodist church, will be the speaker on Feb. 23 when the United Church Women present the first of a series of five Lenten Meditations. "For You Have Found Favor With God" will be the topic.

Mrs. Bigler is a member of the Cherokee Indian tribe of Oklahoma. She received her religious education at Oklahoma Presbyterian College. She has appeared before many church groups in Jacksonville, and works with the women in the Illinois Methodist Conference. She also has been a "resource person" for area meetings of United Church Women.

Other local people assisting with the service will be as follows: Call to Worship, Mrs. Ray Wright of Bethel Methodist church, Responsive Reading led by Mrs. L. P. Hauck of First Baptist church, Morning Prayer by Mrs. Thomas Fernandez of Northminster Presbyterian church and the Benediction by Mrs. C. W. Stratton of Bethel Methodist church. The guest soloist will be Mrs. Richard Thompson and Robert Aylesworth, senior student at MacMurray College will be organist.

First In Series

The Lenten Services will be held each Thursday morning at 10 o'clock in the sanctuary of Trinity Episcopal church. The United Church Women, who are part of the Jacksonville Council of Churches, have planned these meditative services for the community for a number of years, and hope that many people will take time from their daily routines for a quiet half-hour of meditation during this pre-Easter season.

The committee on arrangements has included Mrs. W. F. Bailey, chairman, Mrs. M. F. Stewart and Mrs. N. S. Wandell. Mrs. Archie Brownell is president of the United Church Women.

All men and women of Jacksonville are invited to attend and nursery care under the direction of Mrs. C. A. Sullivan will be provided for pre-school children in Trinity Parish hall.

TB Seal Sales Reach Goal In Greene Co.

CARROLLTON — With a TB sales fund amounting to \$2,766, the Greene County Tuberculosis Association reached the goal needed to carry this year's health program according to an announcement made by Mrs. Lela Hubbard the seal campaign chairman at the executive board meeting of the association held February 15 in White Hall.

Mrs. Frances Long, area secretary, stated that 253 chest X-rays were given to school personnel January 11 and 33 skin tests to those under 30 years of age. Mrs. Warren Cook, county TB nurse has given 1004 skin tests in the high school. The above named programs were paid for out of the Christmas seal fund.

Plans were discussed for the annual meeting of the association to be held in May. There will be an election of officers and all persons who purchased Christmas seals are members of the association and are eligible to vote. The annual meeting will be a dinner meeting with a guest speaker and it will be open to the public. The time and place will be announced later.

The board issued special thanks for their success in the fund campaign, to their workers, the newspapers and the Jacksonville radio station as well as the merchants who allowed their store windows to be used for display purposes.

EMERGENCY RESCUE SERVICE — Jacksonville's newly organized volunteer Emergency and Rescue Squad received a welcome boost through the courtesy of the Jacksonville Clean Towel Service. City and fire department officials are shown accepting the keys to a truck donated by the company's Jacksonville branch for use as the squad's first vehicle.

Left to right are: Bud Sullivan, chairman of the fire committee; Mayor Robert A. DuBois; Alvin Smith, chairman of the vehicle committee; Paul Hartman, manager of the Jacksonville Clean Towel Service; and Bill Buchanan, chairman of the Citizens' Advisory Board.

Purpose of organizing such a unit in Jacksonville is to be trained, equipped and available for any type of rescue, salvage or recovery work on a volunteer basis. The unit will work in cooperation with the Civil Defense and be available for Jacksonville and surrounding area.

Plans for the unit have been discussed approximately a year but were spurred on by lack of equipment and facilities in a recent search for three Jacksonville duck hunters drowned in the Mississippi River.

The unit will be equipped for the most part by donations from local businessmen, organizations and the general public.

I.C. Student Follows In Bryan's Footsteps

Robert Rumpf

Robert Rumpf, sophomore from Illinois College, placed second in the state in men's oratory with his oration, "Part of a Statistic," which treated the problems of re-

settlement of 15 million refugees who lost their homes in Europe and Asia because of recent wars and political unrest.

Rumpf's honor was awarded at the Illinois Intercollegiate Oratorical Association meeting in Chicago, February 17-18.

Miss Martha Thomason, senior, of Jacksonville, competed in the women's oratory and Miss Darlene Hughes, freshman from Freeport, in women's extemporaneous speaking; however, neither of the Illinois College coeds reached the finals in her respective event.

Northern Illinois University had three of the first place winners: Paul Black in men's oratory, Diane Lelito, in women's oratory, and Joe Farrell in men's extemporaneous speaking. Mary Lee Cullen of Loyola University won the women's extemporaneous speaking event.

Of historic similarity, "The Silver-Tongued Orator of the Plate," William Jennings Bryan, who graduated from Illinois College in 1881, also placed second in the state contest in 1880.

Isabelle King Woodman, Longtime Resident, Dies

Mrs. Isabelle King Woodman, longtime resident of Jacksonville, died Saturday at Sherman Hospital in Elgin following an extended illness. A lifetime resident of this city until moving five years ago to Elgin, Mrs. Woodman was preceded in death by her husband U. Grant Woodman.

She was born in 1870, daughter of James Taylor and Ella Atwater King. Mr. King was prominent in the business and community affairs in Jacksonville and was the owner of the old Trade Palace, located on the East Side of the public square in property now occupied by the John Green Company.

The marriage of the former Isabelle King to Mr. Woodman in 1895 united two old Jacksonville families. Mr. Woodman's father, William Clayton Woodman, had been a merchant in Jacksonville until the family moved West by covered wagon, settling in Wichita, Kan. In Wichita he founded the first bank in that city and became a leader in civic affairs and political affairs in the young state of Kansas.

Miss King and Mr. Woodman met and became engaged when the two families took a coach trip through Yellowstone Park in the early 90's. After their marriage they lived in Jacksonville, being very active in community affairs. The family property on West State street was sold in 1951.

The deceased was a member of Wednesday Class and Monday Conversation club and a lifetime member of Trinity Episcopal church, Jacksonville.

She is survived by two daughters, Mrs. H. Roy Carroll, Chicago and Mrs. Isabel W. Bergman, Elgin; two granddaughters, Mrs. John C. MacArthur, the Second, Hamilton, Bermuda and Mrs. Norman R. Magee, Brussels, Belgium and one brother, Earle King Dickinson, Austin, Texas.

Gravestone rites will be conducted at 2 p.m. Tuesday at Diamond Grove cemetery with Reverend Harris of Trinity church officiating. The family respectfully requests no flowers.

Bids For Roodhouse Post Office To Be Received By April 28

ROODHOUSE — Postmaster Leroy Hopkins said Monday he has been advised by the Post Office Department's Regional office in Chicago that the Department is now asking for bids to build and lease to the Department a new post office for Roodhouse. Closing date for bids is April 28, 1961.

"This proposed new building," Postmaster Hopkins said, "will replace our present post office and will provide expanded service for our community. Specifications call for a structure containing 2,300 square feet with an outside loading platform and adequate space for parking and truck maneuvering."

The Department holds an option on a 5,280 square foot lot located on the west side of Morse street between Clay and Frank-

Jacksonville Postal Drivers Commended

A citation from the Chicago Regional Operations Director of Postal Services, A. C. Peterson, was received Monday by Postmaster Phillip Day of Jacksonville, on behalf of the postal vehicle drivers here who have completed a year of driving, often under extremely hazardous conditions, with a minimum of accidents.

The criteria used to judge recipients of this award is based on improvement compared to the previous year's safety record.

"In this age of mayhem on the highways, it is a special privilege for me to present Jacksonville with this Motor Vehicle Safety Award."

The Post Office fleet is the largest fleet in the United States. When the fact that neither rain nor sleet nor adverse conditions keep our trucks from rolling toward regular dispatch and delivery of mail, it is indeed commendable for an installation to be chosen among some 1,500 postal installations in this region consisting of the states of Illinois and Michigan," said Mr. Peterson.

"In keeping with the Post Office Department's aim to maintain the very best service possible," replied Postmaster Day, "we feel that safety contributes much toward moving today's mail in a business like way."

In addition to the fleet safety award for the local post office drivers, Birdsell, Gillham, White, Wright, Slagle, Baptist, Hawks, Todd and Berline have been significantly honored with safe driver awards from the National Safety Council During the past year.

Identity Ruse Used In Check Cashing Fraud

JERSEYVILLE — Search was continuing here for a party who passed a number of fraudulent checks in the area on Jan. 20. Local officers have been checking the possibility that the woman who passed the checks in Jerseyville may have been a member of a ring operating out of the Bloomington locality.

Checks passed here were on the Roodhouse National Bank checks and ranged from amounts less than five dollars to as much as thirty-one dollars.

The woman in a majority of the business houses obtained both merchandise and money in exchange for her check. The merchandise ranged all the way from dime store items to a table radio.

In one store, the check passer purported to be a relative of a person who had died recently in the Jerseyville vicinity, and her check on the Roodhouse bank was accepted for the sum of \$15.00.

The merchandise was less than the check but she "needed some money for gasoline to get home on."
